Firemen Re-elect Stearns as Chief For 16th Year

Alarm Interrupts Start of Fire Department's Annual Meeting

Re-elected chief of the Antioch fire department by unanimous vote at the annual meeting Tuesday evening, James Stearns will start on his sixteenth year as its head, following the expected confirmation of his election by the village board.

The Antioch firemen, who seem to have a knack of gathering for their meetings and other special events just about the time a fire alarm comes in, were little if any surprised when they received a call as they were preparing to open their annual session.

Promptly manning both trucks, they hastened to the Jacob Kubs residence on Park avenue, where they put out a small fire on the roof of a garage, and returned to the station to conduct their business meeting.

Village President George B. Bartlett, who was present, made a brief speech of thanks on behalf of the community, thanking the department and the chief for their years of faithful service.

Bowling Meet Finals to Be Held Tonight

Leaders Emerge from 60 Entrants Taking Part in Tourney

With one more evening to go, keen interest surrounds the outcome of the doubles events in the bowling tournament that will come to a close this evening in the Antioch Recreation alleys.

What with the play-offs tonight and Wednesday evening, it is possible there may be several changes in the line-up which had the leaders in the following order before the start of play Wednesday night:

Doubles

Bob Hunt, Henry Pape, Jr.	1325
Ben Burke, Howard Gaston	1315
John Waldweier, Emil Steiska	1312

Irving Carey	645
Ralph Kinrade	642
Len Kefroy	641
Roxy Felner	641

To Be Air-conditioned

Work was started Wednesday morning on the air-conditioning of the Recreation alleys. It is expected that this work will be completed by Memorial Day, according to Louis Bauer, manager.

A number of Chicago visitors and summer residents of the lake region have expressed interest in bowling this summer, and several are planning to bring their shoes and bowling balls out with them.

Old Channel Lake Pavilion Will Be Wrecked for Lumber

Another Antioch landmark is doomed to pass away, with T. M. Palaske's announcement that he has purchased for wrecking the old Channel Lake pavilion, scene of many gay dances for more than a quarter of a century.

Originally known as Winch's Channel Lake pavilion, it was in recent years managed by L. W. Johnson.

For a time, after the construction of the big new pavilion which later was destroyed by fire, the old pavilion was partitioned off and operated as a girl's summer vacation home.

When the big pavilion burned, the partitions in the old pavilion were taken out and it was again used for dances.

Palaske plans to start wrecking operations some time next week. The lumber from the building is to be salvaged and sold.

Antioch to Observe "Rural Life" Sunday

May 18th has been designated a "Rural Life" Sunday and will be so observed in the churches throughout all America. All rural people and their families are asked to make a special effort to attend the church of their denomination.

Local Church to Hold Service

The Antioch Methodist church will hold a special service May 18, starting at 11 A. M. Daylight Saving time. A special sermon, "God's World," by the Rev. W. C. Henslee; a short talk by Richard Hartnell; a special musical program; and an unusual floral display will make the event one you will not want to miss.

The Antioch Methodist church invites all rural people and their families to attend. All Future Farmer, Boys' and Girls' 4-H club, rural Boy Scouts, and all adult rural organizations such as the Home Bureau, Farm Bureau, Pure Milk association are all invited to observe the day. Members of the church as well as non-members are invited.

Former Legion Dept. Commander Will Speak Here

Kapschull to Address Memorial Day Gathering Friday, May 30

Charles Kapschull of Deerfield, former department commander of the American Legion in Illinois, will speak at the Memorial Day program to be held in the village park, Otto S. Klass, Americanization officer of the Antioch post, announces.

The program will start at 2:30 o'clock. It will be preceded with a parade in which the Legion and auxiliary, the Junior Legion, other patriotic groups, the Boy Scouts, the Antioch High school band and the Junior Legion drum and bugle corps will take part.

Memorial Day, May 30, falls on Friday this year.

Rev. Butterworth to Be Graduation Speaker May 29

"Living at Half Speed" is the subject upon which the Rev. Frank Butterworth of Gurnee will speak at joint graduation exercises to be held by Antioch Grade school and nine other schools Thursday evening, May 29, in Antioch High School auditorium.

Rev. Butterworth spoke at a recent meeting of the Antioch Parent-Teacher association, and made such a favorable impression that it was decided to secure him for a graduation speaker, if possible.

Schools co-operating in the graduation exercises include Emmons, West Newport, Bean Hill, Monaville, Oakland, Hickory, Cedar Lake, Grass Lake and Channel Lake.

Between 50 and 60 pupils will receive their diplomas.

Mr. and Mrs. Arthur Anderson of Grass Lake had as guests Sunday Mr. and Mrs. Charles Anderson of Antioch.

Board Grants Licenses for 13 Pinball Machines

Antioch Trustees Reject Applications for "Console" Amusement Devices

Licenses to operate 13 pinball machines in Antioch were granted by the village council last night in a recessed meeting at which the trustees transacted many items of unfinished or special business.

Sixteen applications for the machines each accompanied by the prescribed fee of \$56, were received by the board, but three of these were rejected. All of the machines are of the "free game" variety mechanical device. The three licenses refused were for the "console" type machines, which in the opinion of the trustees resembled too closely the old style "one-armed bandit," except that animals replaced the well-known fruits which appeared on the bands of the old style machines, which paid in hard cash instead of free games. Board members saw little difference in the fact that two elephants and a monkey would pay on the new "console" instead of two cherries and an orange or other fruit combination required to cash in on the old timer. Licenses were granted only to the so-called "skill" machines.

Warn Bicyclists

A timely warning to parents and children was issued by the trustees regarding the growing danger occasioned by the reckless habits of young bicyclists. An ordinance, long in effect in the village, bans the riding of bicycles on sidewalks, and in the opinion of board members, the practice should be stopped before someone is injured. The trustees also condemn stunt riding, double riding and other dangerous practices on the streets.

Poppy Poster Contest Winners Are Announced

Grass Lake and Lotus School Pupils Take Prize Awards

Roy Kiefer, Grass Lake school, and Thomas Sinderon and Bernard Schaidtz, Lotus school, have been announced as winners in the annual Poppy Poster contest sponsored by Antioch unit of the American Legion auxiliary.

Doris Burdick of Antioch Grade school received honorable mention and Barbara Diecknell of Antioch Grade school received a special prize of \$1 for the excellent work on her poster, although it was not eligible under contest rules.

Roy Kiefer was winner in the "First Class," which included entrants in the fourth, fifth and sixth grades. Thomas, Bernard and Doris were entrants in the "Second Class," which included the seventh, eighth and ninth grades. Mrs. Lester Osmond was Poppy poster chairman.

"Poppy Day" will be observed by the Antioch Legion auxiliary May 24.

Hawkins Takes 7th Place in State H. S. Golf; 70 Compete

Highland Park Youth, Winner Here, Ties for First Honors

Fred Hawkins, Jr., of Antioch placed seventh in a field of 70 players at the Illinois state golf tournament held at Northmoor course, Peoria, Friday and Saturday.

Herbert Chambers of Highland Park, who placed first, with Hawkins second, in the district high school golf tournament held here May 3, tied for first place in the state tournament. In the play-off he placed second.

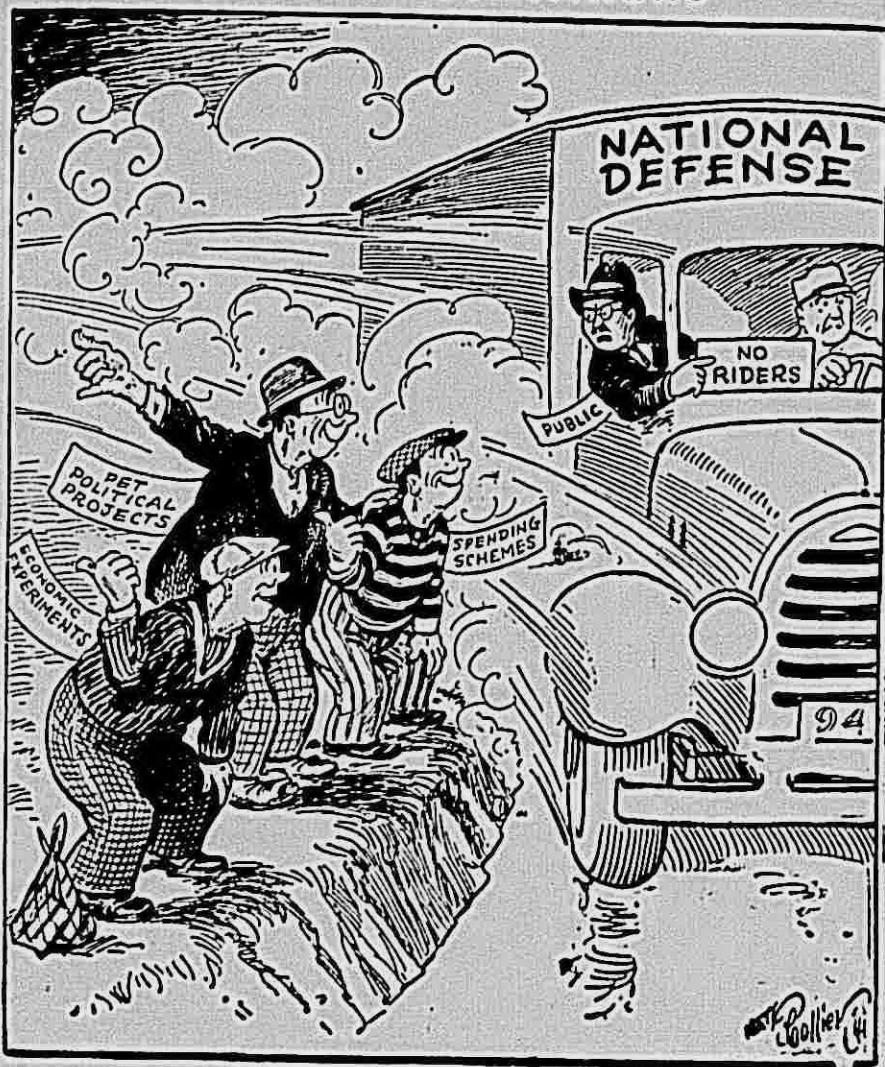

The crack Highland Park team, holder of first honors in the district tourney, captured second place at Peoria.

Hawkins had tied for first place on the opening day of the state tournament, when he shot a 76 for the 18 holes. His score of 81 the second day dropped him to seventh place.

Robert Chinn, secretary of Antioch High school, accompanied him to Peoria.

TENNIS MATCH CALLED OFF
A tennis match with Barrington, scheduled for Wednesday, was called off. An intramural match was held at The Antioch school instead.

THE HITCH-HIKERS

CIVIC CLUB TO HEAR FARM YOUTH PROGRAM

An interesting program in connection with "Rural Youth Week" will be heard by members of the Men's Civic club of Antioch at its meeting Monday night at 7:00 o'clock at Konig's Restaurant.

The program will be under the direction of the Agriculture department of the local high school and the Future Farmers organization.

Highlighting the program will be an illustrated talk on "Bee Keeping" by C. L. Kutil, director of agriculture at the high school; a talk by Richard Hartnell, Antioch senior, entitled, "American Farm Youth and Its Relation to the National Defense Program." This is the oration that won first place for Hartnell at the sectional state public speaking contest at Dundee last Friday.

The farm boys are also preparing a number of instrumental selections to supply the musical features of the program.

Doris Klass Receives Superior Rating In State Latin Contest

Doris Klass, a senior at Antioch High School, brought honor to her school by receiving a superior rating in the finals of the State Latin Tournament held at the University of Chicago, May 3, according to information received here this week.

Doris competed in the district, sectional, and finally in the state contest, each time being rated in the superior group in class B schools.

The district contest was held at Proviso Township High School at Maywood on March 29. In this contest Rosalie Sibley and Richard Luedtke competed in First Year Latin; Virginia Poulson and Doris Strang competed in Second Year Latin; and Doris Klass competed in Comprehensive Fourth Year Latin. All these students were permitted to advance to the sectional contest at Shabbona on April 19.

Doris Klass went on from the sectional meet to the state finals at the University of Chicago, May 3. The morning was spent in writing for the contest; and in the afternoon, competing students went on a tour of the University campus.

Results of the contest show that Doris received superior rating among class B schools. This was the highest ranking in this class of school, and was shared by only one other student, Mary Ellen Pitts, of Carbondale.

The students were accompanied on all their trips by their instructor, Miss Margaret McDorman.

Antioch Trounces Grant

The Antioch nine took ample revenge on Grant Friday, May 9, for a previous defeat. The Antioch team won 3 to 2.

The Grant nine took one run in the first to go into the lead. They repeated in the third to make the score 2 to 0 in favor of Grant. In the 4th, our nine made two runs to tie up the score. After that the game was a pitchers' battle. In the eighth inning the Antioch boys managed to slip over the winning run, after there were two out.

George Stenzel, Antioch's latest find, hurled a wonderful game with Jim Harvey doing remarkably well behind the plate. All in all, it was a hard-fought game, and one that could well be enjoyed.

May Increase Lake County Vote Precincts

Antioch 1 and 2 Are Among Those Polling Over 800 Votes

There is a possibility that Antioch may have five precincts for the next election, instead of three, according to plans for re-adjustment of polling places in Lake county which will be taken under consideration by the board of supervisors at the June 9 meeting.

It has been customary, in the case of polling places having 800 or more voters, to either split them into two or to divide them and merge part of the vote with small polling places.

Antioch precincts 1 and 2 both polled more than 800 votes in the last general election.

Also tallying 800 or more votes were Lake Villa, Avon 2, Shields 8, Fremont, Wauconda, Cuba 2, Vernon, West Deerfield 1, Deerfield 15 and 16, and Waukegan 2, 10, 14, 15, 18, 20, 24, 25, 26, 28, 29 and 31.

Changes Requested

Requests for adding election districts in Highland Park and Avon township have already been filed with the board of supervisors. Mrs. Minnie C. Balke, Republican, and Dr. R. R. Bosworth, Democrat, have filed a request to split the present 16th Deerfield precinct into two polling places, and Supervisor M. E. Murrie of Avon has petitioned the county board to re-adjust Avon 2 and make four districts in place of the present three.

Lake county at present has 95 polling places. Re-adjustment of some or all of those having over 800 votes would considerably raise this number. In the summer of 1939 the board added 17 polling places to the 78 used in the 1936 elections.

The elections committee of the county board, comprising Supervisors Harry W. Washo of Elia, Cliff Evans of Waukegan and Arthur Baker of West Deerfield, has been instructed to accept petitions of Republican and Democratic precinct committeemen for re-adjustment of the polling places that had 800 or more voters last November.

Parent-Teacher Association Ends Its 1940-41 Year

The Antioch Grade School Parent Teacher association closed its 1940-41 year with a meeting Monday evening in the school house, at which reports on the season's accomplishments were given.

At the close of the meeting Mrs. Arthur Trieger, the new president, was introduced by the outgoing president, Mrs. Joseph Patrovsky, and assumed office for the coming year.

Reports were given by Mrs. Roy Kufalk on the Lake County convention; Mrs. A. P. Bratrude on legislative activities of special interest to parents and teachers; Mrs. Kufalk on the summer roundup; Mrs. Trieger on the Illinois state convention at Belleville, Ill.; Mrs. Lester Nelson, historian.

An open-air concert given by the school band on the steps of the "new" school building was a greatly enjoyed feature of the evening. Refreshments were served.

Mrs. John Gaa received an award of a floor lamp.

H. S. Home Economics Class Plans Style Show

The Home Economics Club of Antioch high school, under the advisement of Isabel Larimer, instructor, will hold a style show next Tuesday in the high school auditorium.

The style show will be open to the public and will be held for the purpose of displaying the year's work of the students in the clothing classes. The scene will be laid in a girl's dormitory to illustrate the theme, "A Co-ed's Day in Sequoia College." Students will model clothes which they have made, for every part of the day and for every occasion. Commentators will describe the events as they appear. In the auditorium other accessories and articles made by the students in their classes will be on display.

Local women have been chosen as judges, and ribbons will be awarded for superior work in the various divisions.

The general chairman for the show is Ruth Glenn. The committees are: for arrangements, Alice Ward and Lucille Sherman; program, Lura Jean Minto and Theodora Hennings; publicity, Elaine Nelson, Betty Schiebe, and Rose Marie Zellphofer; reception, Sarah McBride, Carol Ruth Upton and Doris Strang.

Antioch Farm Youth Wins as Public Speaker

Richard Hartnell Wins Gold Medal in Northeast Illinois Contest

Richard Hartnell of Antioch High school placed third in the northern division of the Future Farmers state public speaking competition at DeKalb last evening.

In a sectional public speaking contest at Dundee, Ill., Friday evening, Richard Hartnell, senior student of the Antioch High School Agricultural department, placed first. The contest is sponsored annually by the Future Farmers of America.

Hartnell spoke on the subject, "Farm Youth and Their Relation to the National Defense Program."

His award was a beautiful gold medal presented by the Illinois Association of Future Farmers.

Other schools represented ranked as follows:

Elgin second, Dundee third, Harvard fourth, and Palatine fifth.

The Antioch contestant will represent this section in a regional contest in the near future.

Hartnell was accompanied to Dundee by Instructor C. L. Kutil and Students William Dow and Ted Carlson.

LIONS ENJOY 3RD ANNUAL TOURNEY

Not much business but a lot of fun—that was the third annual golf tournament held Monday at Chain O'Lakes Country club by the Antioch Lions club, which topped the two previous tournaments in point of attendance.

Ample prizes provided almost every one with some sort of recognition—for skill, or lack of it—and special honors or excuses had to be invented in order to make sure all awards were distributed.

Dr. William Gay, one of the youngest of the club members, came in for special honors on two counts—one for taking most strokes on the 18th hole, and the other because the day marked his first anniversary in the United States. Dr. Gay is a native of Canada.

Winners of low gross were Ken Hart, Carl Nader and Ed Vos. Now net honors went to Bob King, George Wagner, Lloyd Murrie and Louis Bauer. The blind boxey winners were George Wagner, Bill Schroeder, Bill Brook, and Irving Carey and George Babon a tie. Lowest number of putts, Ed Vos; longest drive, "Happy" Schneider; most strokes on 18 hole, Norman Jedele, Dr. Gay, Dr. D. N. Deering. Left-handed golfers, H. A. Smith, Lloyd Murrie.

They there were the prizes for what have you? Prettiest eyes, biggest family, least hair, oldest man, biggest feet, youngest member, loudest necktie. Look over the guest list and name the winners.

SILVER TEA IS PLANNED BY MAY GROUP OF CIRCLE

The May group of Wesley circle of the Antioch Methodist church is issuing a general invitation to all friends to attend a silver tea to be held in the home of Mrs. Drucilla Ferris on Wednesday afternoon, May 21, at 2 o'clock. Readings by Mrs. Alice Freeman of Richmond and musical selections will be included in the special program to be presented.

Under the Cloak of Defense

Most sound thinkers in this country are agreed that the tremendous burden of defense spending which the nation is now assuming makes it highly advisable that non-defense expenditures be cut to the bone. Examination of civil expenditures to see how and where the activities of various government agencies may be curtailed is being urged, not alone by outside economists, but by the Treasury itself.

In this light, one recent tendency observable in Washington at the present time seems to be an evasion of the realities of the case. We refer to the device of simply shifting civil agencies over from one side of the fence to the other, and classifying them as "defense agencies."

Typical recent examples are Fish and Wildlife, National Parks, and Grazing Services. And a short while ago, even an insane asylum in the nation's capital was officially placed under the defense heading.

The question of whether current expenditures in these fields are justified can be decided by its own merits. But it doesn't help those who are trying to get a clear picture of the situation when these agencies are put under the "special dispensation" of national defense, any more than it would help a shepherd to count the white sheep in his flock if you dyed some of them black.

It is hardly being candid with the individual taxpayer—who is willingly assuming the heaviest weight of

taxation in our history in order to meet the needed costs of defense—to use "defense" as a thin cloak for activities not remotely connected with real national security.

Tolerance

One of the most disquieting developments of the day in this country is the rapidly spreading attitude of intolerance toward those who would question the Administration's foreign policy or challenge the necessity of this country entering the World War II.

Particularly disturbing is the fact that President Roosevelt has placed the great influence and prestige of his office behind this movement to stifle free expression of opinion. It is Mr. Roosevelt who has constantly told us that we are in a great struggle to save democracy. Yet by his recent tactics he would undermine the very foundation stone of democracy—freedom of expression.

The President's comparison of Charles Lindbergh to the Tories of the Revolutionary War is a case in point. No matter what anyone may think of Lindbergh's views, he has a right to express them without being characterized by the President, in effect, as a traitor. This country is not yet at war. Lindbergh, or anyone else, has a right to urge that it remain out of the war—to make whatever solemn, logical or silly argument they wish in that regard.

It is not only the Lindbergh incident. President Roosevelt has made Senator Burton K. Wheeler, outspoken opponent of American involvement, his special whipping boy. Now he deprives Hugh S. Johnson, columnist and critic of our foreign policy, of a reserve commission as brigadier general which he possessed for 20 years. Such tactics are un-American. They smack of the Hitlerism which has aroused the world. Let us not lose freedom at home while attempting to defend it abroad.

Just consider these plain facts about the engines in this 1941 Buick SPECIAL:

The engine that regularly powers this Series develops 115 horsepower and turns up 20.1 miles per gallon at a steady 30 miles an hour in Proving Ground economy tests.

But add Compound Carburetion,† and the same engine in the same model develops 125 horsepower and goes 21.5 miles per gallon by exactly the same tests!

There's more from less gasoline — and it comes, literally, out of thin air.

Because the two carburetors in this exclusive Buick feature handle a larger air volume than can be provided efficiently by a single mixer.

We'll let you figure out what extra power and extra mileage mean in extra fun, extra thrills, extra satisfaction.

We'll let you size up, too, how nice it is to travel farther more pleasantly — on as much as 10% to 15% less gasoline than former Buicks used.

But for the whole picture, just go get actual, local, delivered prices on a Buick.

You'll find that nowhere else can you buy the same size, the same style, the same power, the same comfort at the same low bargain Buick figures.

†Available at slight extra cost on some Buick SPECIAL models, standard on all other Series.

BROADENING CHRISTIAN HORIZONS: SAUL'S CONVERSION

LESSON TEXT—Acts 9:1-10.
GOLDEN TEXT—I was not disobedient unto the heavenly vision.—Acts 20:19.

The conversion of Saul is recognized as one of the outstanding events in Bible history. When two brilliant English lawyers, Lord Lytton and Sir Gilbert West, set out to disprove the truth of Christianity, they selected the resurrection of Christ and the story of Paul's conversion as the focal points of their proof. Working independently, they then came together to compare notes, and found that they had both become Christians as they had become convinced of the truth of the Scriptures.

The two events may well stand together as mighty evidence for Christianity, for only on the ground of regeneration can the change in Saul be accounted for, and only on the assurance that he met the risen Christ on the Damascus road can we account for his conversion. This is a great lesson, let us make the very most of it.

I. Saul, a Bold Persecutor (vv. 1, 2).

As our lesson opens we find the brilliant and zealous young Jew, Saul, "yet breathing out threatenings and slaughter against the disciples of the Lord." The persecutions in Jerusalem had practically wiped out the church in that city, but had scattered the disciples abroad, and thus the witness had been spread. The death of the godly Stephen, to which Saul had given his approval, had only increased his determination to destroy those who were "of the way" of Jesus. Looking for new fields to conquer, he carried with him to Damascus letters from the high priest at Jerusalem, giving him authority to imprison the followers of Christ. But on the way he met Christ Himself, and was stricken to the earth.

II. Saul, a Convicted Sinner (vv. 3-9).

Stricken down by a brilliant heavenly light, he finds himself talking to the Lord Jesus. He hears from His holy lips the solemn indictment of those who persecute God's people—"Why persecutest thou me?" He who lays unkind hands upon, or brings untrue accusation against, God's children had best beware, for so closely is our Lord identified with His people that when they suffer, it is He who bears the hurt.

In a single sentence the Lord disposes of the persecuting zeal and the sinful skepticism of this proud young Pharisee, and Saul enters into Damascus not as a man trembling and astonished. He spends three days shut in with his own soul and God, not seeing, not caring to eat, but entering into communion with God. By God's grace the old life is pulled up by the roots as it is displaced by the new life in Christ Jesus.

III. Ananias, an Obedient Disciple (vv. 10-12).

Ananias was the "I am here, Lord" type of Christian to whom the Lord could confidently commit His important business. All we know of him is what is contained in this chapter, but it is a very beautiful and enviable record. God is able to work directly on any human soul and accomplish His end (as He did with Saul on the Damascus road), but His usual manner of working is through faithful human agencies.

One wonders how much would be accomplished for God if every Christian were as willing and ready as was Ananias to do the Lord's bidding in seeking out and helping a struggling soul.

The greatest of all Christian leaders, the apostle Paul, was led out into his life of loyalty and service to Christ by a humble layman. Repeatedly God's Word by precept and example stresses the vital importance of personal work on the part of laymen and women. The leaders of Christian work during the coming generation are now in the Sunday school classes of our churches, perhaps in a little wayside chapel in the country, in the village church, in the mission or settlement house, or in the great city church.

IV. Saul, a Chosen Witness (vv. 15, 16).

The fears of Ananias that Saul might still be a worker of evil (v. 13) were soon overcome by God's assurance that in the praying Saul He had prepared for Himself "a chosen vessel" (v. 15) to bear the gospel to the Gentiles and to kings, as well as to Israel.

The great witness of Saul was to be accompanied by great suffering. How often the two go together, and both may be (as they were in Paul's life) for God's glory. Saul knew nothing of that subtle hypocrisy known as being "a secret believer," for at once he made open confession of his faith in baptism, and "straightway he preached Christ in the synagogues that he is the Son of God" (v. 20).

Channel Lake Artist's Work Attracts Interest

She wanted to get the shading of color in a horse's nose just exactly right, so the stable boss of the Bowman Dairy barns in Chicago had 15 horses led out, one by one, for her to look at. That's the kind of interest and co-operation Miss Pearl Robbins of Channel Lake, who has been painting and drawing pictures for many years, inspires in other folks.

The pictures sketched by Miss Robbins on this occasion, a color pen drawing of a horse's head, was, together with one of her pictures of a dog's head, exhibited a few months ago at the Joliet Riding club.

Miss Robbins does a great deal of art work on orders from her friends, including a number of patrons in Chicago. They include religious pictures, character studies and portraits done from photographs or snapshots.

Above all, however, she loves to do pictures of animals, particularly horses. "I don't do as much work from living models as I would like to," she sighs, "But I hope to concentrate on that a little more from now on."

Her water color pictures are beautiful in their attention to detail and in their shading. She does a great deal of silhouette work, as well as oils and pen-and-ink and pencil drawing.

Perhaps a clue to her talent may be found in the fact that her mother, Mrs. Gladys Robbins, who was a surgical nurse, was also talented along artistic lines, particularly china painting.

Like her mother, Miss Robbins was "an artist by accident," for in her high school studies in Boston, Mass., as well as in her teacher's training courses (she taught in the Boston schools for five years), she specialized in mathematics and languages, rather than art. She did, however, study art work, and she was a member ("not a very active one," she qualifies) of the Art Institute of Boston. She began drawing pictures as a child.

Miss Robbins was born in St. Paul, Minn., but attended school in Boston (and taught there) when her mother went to Massachusetts to do nursing.

After her mother's death she returned to Antioch in order to be near other members of her family and relatives. She makes her home at Channel Lake with Mrs. Fred Mees.

Personals

Mr. and Mrs. Martin Busscher of Channel Lake entertained Mr. and Mrs. Edwin Krusemark and Mrs. John Pepple of Chicago and Robert Story of Antioch Sunday.

★ 29 MILLION !

A record never before approached!

★When the 29,000,000th Ford rolled recently from the assembly line, an all-time record for the industry was set. 29,000,000 units built by the same management and all bearing one name—a name that has become one of the best-known trade-marks in the world!

It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience.

As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the

country, is already in production on lightweight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks.

In the midst of this activity for National Defense, building the 29 millionth Ford car is simply one part of the day's work.

The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales and expecting their best year since 1937.

It is good to be producing the things America needs, and to be setting records on the way!

HIGH SCHOOL OPERETTA PLEASES CAPACITY CROWD

Playing to a capacity audience Friday night, May 9, the Antioch Township high school music and dramatic departments presented the operetta "The American Way of Life."

Florence Peterson, as Grandmother Jones, and Bud Mapleshorpe as grandfather Jones were central figures of the plot.

A pantomime of the opera, "The Bohemian Girl," is part of Grandma's scheme of things to bring her young people back to an enjoyment of real music. Violet Loftus sang "I Dreamt I Dwelt in Marble Halls." This scene had as its setting a "dream castle in the clouds," painted by Roberta Selter. Edward Ruschewski sang "Then You'll Remember Me." Grandpa's words, "It took a lot of cowboys and a lot of Irish to build this country" were followed by a cowboy scene, and Ida Maier, playing Maybelle Jones, the youngest grand-daughter, was the center of an Irish scene, singing "When Irish Eyes Are Smiling." Twelve Irish colleens assisted, and Elaine Nelson helped the Irish spirit of the scene by doing a folk dance to the tune of "The Irish Washerwoman."

James Jones, leading with Gilda Pierce, Sarat McBride, Ida Maier and Mary Kay Lynn, in red, white and blue hoopskirts, sang "He's My Uncle" bringing on to the stage the balance of characters. Then with the singing of "We're All Americans" the entire audience rose to watch as they marched, led by Jack Horan and Thomas Decker, drummers, to the back of the auditorium, where a spotlight revealed Roberta Selter as the Statue of Liberty.

PLANS FOR JUNIOR PROM NEARING COMPLETION

Arrangements are very nearly complete for the annual junior banquet and prom which will be held at the high school on May 17, according to Miss Ina Leland and George K. Er-gang, sponsors of the junior class.

Members of the class have been busy for several weeks preparing for these affairs, which are among the high school's most important social events of the year.

Eighteen students have been chosen from the sophomore class to serve the dinner:

Una Nelson, Clara Wurster, Carol Waters, Meredith Matthes, Lura Jean Minto, Doris Strang, Ella Fay, Sarah McBride, Virginia Poulson, Gerald Moore, Laurie Yopp, Bill Effinger, Don Hutchison, Bud Mapleshorpe, Tod Mapleshorpe, Roman Pfannenstill, Wayne Drom, and Jack Fields. They were chosen for all-around merit and ability by a committee of faculty members.

The financing of the junior banquet and prom is made possible by the efforts of the students of that class have made during their three years in high school to raise money for this particular occasion.

Dancing will start in the gymnasium at 9:00 p. m. to the music of Johnny Mayfield and his orchestra, with Betty Shank as vocalist. Townspeople who are interested in attending as spectators are cordially invited, the juniors state.

The Observer

What with the fishing season going into full swing, and folks flocking to the lakes in increasing numbers each week, maybe a little word of caution to the visitors wouldn't be out of order.

Here's a word of wisdom from veteran resort operators—watch out for sudden storms coming up on the lakes! May weather is still a little uncertain, and a strong wind can stir up some mighty choppy water.

Resort owners as a rule are pretty cautious about renting boats if they think the weather is uncertain—but sometimes arrangements are made in advance—and lots of folks bring their own boats, too.

A resort owner at one of the lakes has been caused some embarrassment during past weeks because of a confusion of identity and the inquiries of many persons as to whether he was the one who rented out a fishing boat that figured in a recent tragedy . . . which he wasn't . . . but it was just another case where the lake didn't look so bad when the men started out, but got worse as they went on.

So—don't be afraid to ask advice of experienced resort men. You'll find them pretty co-operative . . . and don't think you have to show you're not a "sissy" by taking chances . . . if you're a little bit careful you'll be coming back for many more fishing days—and folks'll be mighty glad to see you arriving out here, too!

We see where the Nazis have been saying Rudolf Hess was crazy for wanting to get out of Germany. We see, we don't know . . . What's so crazy about it?

For those proud but puzzled parents who are kinda bewildered by the college kids' talk of "semester hours" and "honors points" along about this time of year, we offer a couple helpful hints. "Semester hours" are the units of work by which the various subjects are evaluated in college. They correspond, generally, to the number of class-room hours required each week in that subject, with allowance being made for laboratory work in such subjects as chemistry and biology. The average college student, at the end of his first year, is apt to have anywhere from 30 to 35 hours' credit. Multiply that by four and you'll have the number it takes to get a college degree. Reckon 126 would be about the minimum, but many students wind up with considerably more than the required number.

—The honor points?—Ah! There's the rub. You may "pass" in all your courses, but if you don't get high enough grades in a sufficient number of them to give you a certain "average" standing—you still won't get your degree!—And if you want to be an "honor student" it's worse still, for you've got to get lots of "A's", and very few "C's", indeed. . . . And it seems that some of those old professors are pretty darn chary with their "A's", too. We've known, in our time, of profs who "failed" half the class every time they gave an exam. . . . Nope, 'tain't all fun for the kids in college . . . sometimes there's a little work connected with it, too.

Men and Motors—The New Army on Wheels

Uncle Sam's motorized force—the new army on wheels—is symbolized by the "dawn patrol" of Chevrolet 4 x 4 army trucks shown across the bottom of the photo. The Chevrolet four-wheel-drive army truck, above, carries a complete telephone switchboard. Within a few minutes after the Fourth Division's motorized units completed a

235-mile trek from Fort Benning, Ga., on a practice mass movement, Major-General Lloyd R. Fredendall could communicate with every part of the vast encampment. The Fourth, moving in three columns, each 45 miles long, made the trip in 10 hours as compared with nearly 10 days before motorization.

accepted and enforced.

What are you doing
this summer...now
that the furnace is
closed down?

Haven't you heard?
They've put in Automatic
Gas Water Heating—now
I work all the time!

Enjoy instant hot water all
summer long . . . with an
AUTOMATIC GAS WATER HEATER

After the furnace is turned off, you're going to want even more hot water
than ever, to take care of those refreshing showers after working and
playing in hot weather. You can have summer hot water day or night,
at the turn of a faucet, if you install an Automatic Gas Water Heater.

Economical to Operate. There is a special low rate for heating water
automatically by gas. This means that cost of operation is very low —
but don't take our word for it. You can prove how cheap it is by tak-
ing advantage of our 90-Day Proof of Economy Offer. Choice of Rex,
Lovekin or Ruud Water Heaters. Act now — the offer is good for a
limited time only!

Many neighborhood Master Plumbers are also offering liberal terms
and home trial on Automatic Gas Water Heaters.

90-Day Proof of
Economy Offer

1. We install a new Automatic
Gas Water Heater for \$1.50
down (up to 48 months to pay
the balance on your Gas Service
Bill.)

2. You use it for 90 days and see
for yourself how economical it is.

3. If you decide to keep it,
we allow \$10 for your old
side-arm, furnace coil or
coal pot heater.

FRESHMAN CLASS SPONSORS MOVIE

The freshman class of the Antioch high school is sponsoring a movie, "Strawberry Blonde," at the Antioch theatre this Wednesday, Thursday, and Friday. Members of the class are busy selling tickets to the movie for the purpose of defraying some of their class expenses.

The class has been divided into two teams headed by Louise Meinersmann and Ruth Marie Glenn on one side and Joseph Nader and Arnold Bolton on the other side. A prize will be offered the winning team.

James Cagney and Olivia de Havilland are starred in the movie.

ORDINANCE FOR EXTENSION OF WATER MAINS

WHEREAS, request has been made by certain owners of property for an extension of water mains in the Village of Antioch; and

WHEREAS, extension of such mains will facilitate pressure in certain areas of the Village of Antioch for better fire protection and be an integral part of the water main system of said Village;

THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH:

Section 1. That the water main be extended in Orchard Street to the intersection with Hillside Avenue, thence south in Hillside Avenue to connect with the main now in Lake Street.

Section 2. That the water main in Corona Avenue, which now extends to a point opposite Block 7 in Rinear's Addition, be extended northeasterly to the end of Corona Avenue.

Section 3. That said extensions be made by and under the direction of the Village officials of the Village of Antioch and payment therefor be

made out of the Water Fund of said Village; that appropriate charges for tapping on said main be fixed by the Village when said main has been constructed.

Section 4. That this ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

(signed) George B. Bartlett, President.

ATTEST: R. L. Murrie, Clerk.

Presented and read, May 6, 1941.

Passed and approved, May 6, 1941.

Published, May 15, 1941.
